

CORPORATE PROFILE • 2026

Engineered. Proven. Delivered.

NECTAR Resources (Pvt) Ltd — a diversified Zimbabwean enterprise across engineering & mining, education, corporate advisory and agrifood.

WHO WE ARE

A multi-sector enterprise, backed by proof of use

NECTAR Resources is a diversified multi-sector enterprise delivering high-impact engineering, operational, educational, and corporate services across Southern Africa and globally. Driven by specialized expertise and an unyielding commitment to excellence, NECTAR spans turnkey mining operations, global higher-education facilitation, accredited financial advisory, and sustainable agrifood production.

MISSION

What drives every engagement

To provide remarkable engineering and consulting solutions backed by proof of use.

VISION

Where we are heading

To lead with precision, uncompromising quality, and top-tier safety across every market we serve.

CORE VALUES

SAFETY

INTEGRITY

INNOVATION

FOUR DISCIPLINES

One enterprise. A single standard.**N-01 Engineering & Mining Projects**

Turnkey mining solutions from prospecting, mineral survey and licensing to plant construction, staff training and operational handover. Target ores: Clear Quartz, Tantalite, Tin and Gold. Flagship: the 200 TPH tin & tantalite plant in Bikita — designed, built and run by NECTAR.

N-02 Study & Travel Solutions

Safe, reliable and economically viable study destinations with end-to-end support: university selection, visa coaching, document authentication, medicals, insurance, flights, airport pickup and first-semester mentorship. Featured pathway: Vistula University, Warsaw.

N-03 Business Solutions

Accredited corporate advisory by licensed CPAs and facilities auditors: company registration and structuring, PRAZ registration, NSSA compliance, full accountancy, corporate tax returns, and independent financial audit & assurance.

N-04 Prime Butcheries & Farm

100% home-grown, non-GMO livestock raised at Lusulu Farm, Matabeleland North. Catalogue: beef, goat, sheep, pork, chicken (broiler & African roadrunner), fish and turkey. Outlets in Hwange and Silobela; Gweru and Kwekwe launching October 2026.

CREDENTIALS & COMPLIANCE

Documented. Registered. Verifiable.

- Zimbabwe Company Registration — Certified Pvt Ltd
- PRAZ — Procurement Regulatory Authority of Zimbabwe
- Licensed International Recruitment Network
- AICPA-Accredited CPA Advisory
- Regulatory-Certified Mining Operations

Headquarters & Engineering Division — Zimbabwe

Agricultural Hub — Lusulu Farm, Matabeleland North

Retail Butcheries — Hwange & Silobela (Gweru & Kwekwe from October 2026)

PROOF OF USE

Our engineers run the plants they design. Our consultants mentor the students they place. Our butcheries sell the livestock we raise.
